Information About Tiger Prawns – Sightings and Locations

ADULTS AND JUVENILES

All Sightings Should Be Reported To
Julie Anderson, Louisiana Sea Grant and LSU AgCenter fisheries specialist,
at (225) 578-0771 or Email at janderson@agcenter.lsu.edu

Reports may be submitted online at:
<https://www.surveymonkey.com/s/C277FD5>

The tiger prawn is native to the Western Pacific Ocean. Recently, these large prawns have been captured off the Louisiana coast.

Tiger prawns can be identified by the distinctive striped pattern on their shells.
