LAGNIAPPE

SPECIAL EDITION

This special edition of the Lagniappe is devoted to the new bills which are before the current Legislature. As you know, the fishing industry is very sensitive to legislation, so some of these bills may be very important to you. If you need information on any of these bills, call 1-800-272-8186 or 1-342-2456. The first number is toll-free, but is often busy. Someone at either number will be able to answer your questions on the progress of the bill or bills that interest you and when they will be heard in committee. You may call either of these numbers to deliver a YES or NO message on a bill to your legislator. If you have any other questions on how the legislature works or how a bill becomes law, feel free to contact me at my office, 341-7271.

Senate Bill 212 - Campbell

Provides that going onto unfenced and unposted forest land of more than 500 acres is not a crime. Also prohibits local parishes from adopting their own laws on trespassing.
