This special edition of the Lagniappe is devoted to the new bills which are before the current legislature. As you know, fishing industries are very sensitive to legislation, so some of these bills may be very important to you. If you need information on any of these bills, call 1-342-2456. Someone will be able to answer your questions on the progress of the bill or bills that interest you and when they will be heard in committee. If you have any other questions on how the legislature works or how a bill becomes law, feel free to contact me at my office, 341-7271. If I am not in my office when you call, leave your name and telephone number. I always return all calls.
